📞 +91 6361100173 ✉ anjankumarr006@gmail.com

Career Objective

Post graduate with a strong foundation in software development and programming. Skilled in Java, Spring Boot, and full-stack development, with experience in building scalable applications. Looking to contribute to innovative software projects as an entry-level software developer.

Education

Acharya institute of Graduated Studies   **2026**
Masters of Computer Application

VidyaVahini First Grade College   **2023**
Bachelors of Computer Application   7.68 CGPI

Goodwill PU College (XII)   **2020**
PCMCs   62.6%

Goodwill English High School (X)   **2018**
                                                                                               91..88%

Technical Skills

- **Programming Languages:** Java, SQL, JavaScript.
- **Frameworks**: Spring Framework (IOC, MVC), Spring Data JPA, Spring Boot, Hibernate.
- **Database Management:** MySQL.
- **Concepts**: Object-Oriented Programming, RESTful API Development, Data Persistence.

Projects

Job Application | *Java, Spring Boot, MySQL*
- Developed a application that allows users to create job, edit, delete, and fetch jobs.
- Designed and implemented RESTful APIs using Spring Boot for backend operations
- Integrated with databases using Spring Data JPA, including creating entities, repositories, and managing data persistence and retrieval.

WhiteBus.com | *Java, Spring Boot, MySQL*
- This project is about a bus Bus seat booking website
- Implemented Three Module like Admin , Customer , Agent
- Conducted comprehensive simulations to validate the system characteristics and performance.

Hobbies

- Watching Podcast
- Playing online Games.
- Listening to Music and Songs

Personal Details

- DOB- 21-12-2002
- Gender-Male
- Email-anjankumarr006@gmail.com
- Permanent Address- Gowrapura , Bengaluru Rural Dist, Nelmangala Tlk, Karnataka-562111

Training And Certificates

- **Software Development Course:** Java Full Stack (Jspiders, Bangalore)

- **Udemy Spring Boot Certificate**
